CURRICULUM VITAE

DAVID FELDMAN, M.D.
Professor of Medicine
Division of Endocrinology
Stanford University School of Medicine
Stanford, CA 94305

Telephone: (650) 725-2910 **FAX: (650) 725-7085**
E-mail: feldman@cmgm.stanford.edu

EDUCATION

l955-l959	B.A.	New York University, Bronx, NY
l959-l963	M.D.	New York University School of Medicine, New York, NY
l970-l972	M.S.	Biochemistry, University of California, San Francisco, CA

ACADEMIC AND PROFESSIONAL POSITIONS

l963-l967	Intern, Resident, and Chief Resident - New York University-Bellevue Medical Center, New York, NY
l967-l969	Internist, United States Air Force Hospital, Wright-Patterson Air Force Base, Dayton, OH
l969-l970	Post-Doctoral Fellow, Division of Endocrinology, Harbor General Hospital, (UCLA) Los Angeles, CA,
l970-l972	Post-Doctoral Fellow, Cardiovascular Research Institute and Department of Medicine, University of California, San Francisco,
l972-l974	Assistant Professor, Department of Medicine, Northwestern University Medical School, Research and Education Associate, V.A. Research Hospital, Chicago, IL
l974-l979	Assistant Professor, Department of Medicine, Stanford University School of Medicine, Stanford, CA
l979-1984	Associate Professor, Department of Medicine, Stanford University School of Medicine, Stanford, CA
l98l-1990	Chief, Division of Endocrinology, Department of Medicine, Stanford University School of Medicine, Stanford, CA
1984-present	Professor, Department of Medicine Stanford University School of Medicine, Stanford CA

HONORS AND AWARDS

Phi Beta Kappa, 1959
Herman Wortis Award, New York University School of Medicine, 1963
Diplomate, American Board of Internal Medicine, 1969

MEMBERSHIP IN PROFESSIONAL SOCIETIES

American Federation for Clinical Research
Western Society for Clinical Research
Endocrine Society
American Physiological Society
American Society for Clinical Investigation
American Society for Bone and Mineral Research
Association of American Physicians
American Association for Cancer Research

PROFESSIONAL ACTIVITIES

1976-1981	Investigator, Howard Hughes Medical Institute
1978-1983	Editorial Board, Endocrinology
1982-1983	Editorial Board, American College of Physicians' Medical Knowledge Self Assessment Program VI (MKSAP VI)
1983-1986	Council, American Society for Bone and Mineral Research
1985-1996	Publications Committee, Journal of Bone and Mineral Research
1985 Summer	Cold Spring Harbor: Molecular Cloning of Eukaryotic Genes
1985-1986	Visiting Professor, Medigen Laboratory, Molecular Embryology and Differentiation by Genetic Engineering, Palo Alto Veterans Administration Medical Center (L. Kedes)
1986 Summer	Visiting Professor, University of California at San Francisco, Laboratory of K. Yamamoto
1986-1991	Editorial Board, Journal of Clinical Endocrinology and Metabolism
1992-2000	Editorial Board, Endocrinology
1997, 2002	Investigator, CaP CURE

BIBLIOGRAPHY

1. J.W. Funder, D. Feldman, and I.S. Edelman. Specific aldosterone binding in rat kidney and parotid. J. Steroid Biochem. 3:209-218, 1972.
